arabic sweets

Presenting one of the world best sweet. Baklava or Baklawa is a rich, sweet pastry featured in many cuisines of the Arabic countries.

It is made of layers of phyllo dough filled with chopped nuts such as Walnuts, Almonds, and Pistachios sweetened with sugar syrup.

The result is a dish so delicious that not only was it served to royalty but numerous ethnic groups claim it as their own.

These sweets are pure vegetarian and taste so mild & unique that it won't be an exaggeration to say that Indian market has never witnessed such authentic international flavours.

These sweets shelf-life is up to 3 month in normal temperature. Moreover, the sweets are made by chef from Dubai which ensures the authenticity of the international flavour.

Le Crèmes

The first ice creams, in the sense of an iced and flavoured confection made from full milk or cream, are thought to have been made in Italy and then in France in the 17th century, and to have been diffused from the French court to other European countries. We at La-Pâtisserie bring you the same taste and mouth-watering varieties of Ice Creams.

Specially prepared by our International Chef Mr. Mohammed Raziq so every bite brings out the real taste of International Ice Creams.
